About CMT Concert Of The Summer: Jason Aldean & Friends Live At LakeShake

CMT Concert of the Summer is an immersive documentation that brings fans directly into the summer's biggest concert event -- Jason Aldean's Six String Circus Tour. The music extravaganza features ACM entertainer of the year Jason Aldean, along with superstars Thomas Rhett and A Thousand Horses, as well as surprise guests as they take the stage at Live Nation's Country LakeShake in Chicago, Illinois. The inaugural event aims to amplify the concert going experience with exclusive on-the-scene and behind-the-scenes access including artists' pre-show rituals, the adrenaline fueled moment as they anxiously await to take the stage, as well as post-show thoughts from the unique point of view of both the artists and the fans.
