Kip Moore's New EP is One Big 'Thank You' To His Fans

Lauren Cowling | November 01, 2016

Kip Moore is all about his fans and giving back to those who have been supporting him for years, which is exactly why he released a new five-track EP just for them.

Underground draws inspiration from his unyielding time out on the road touring, and a personal response to the demand felt from his steadfast fans for new music. Moore co-wrote every track on the EP and audiences across the country will be able to experience the new tracks live this fall on his Me and My Kind Tour with Jon Pardi.

Moore told us, "it's a toast to the fans... it's a thank you to them."

Underground opens with Moore's signature unapologetic, but confessional attitude in "All Time Low" which bleeds into the uptempo, yet muscular "My Kind." Listeners are offered a taste of

what they're missing if they haven't made it out to a show, with live performances of the anthemic "Midnight Slow Dance" and the reflective, but defiant "Separate Ways." The EP culminates in the infectiously longing track "My Baby's Gone," showcasing Moore in his unfiltered element.
