## Sam Hunt, Lady Antebellum Land On 'American Honey' Soundtrack

Sam Hunt's "Take Your Time" and Lady Antebellum's "American Honey" are part of the soundtrack to a new film, American Honey. The soundtrack was released Friday (Sept. 30) by UMe.

The film was written and directed by Academy Award winner Andrea Arnold. Sasha Lane, Riley Keough and Shia LaBeouf star in the film, which follows a "mag crew" that sell publications door to door, not sure where the job will take them next.

“Music is a huge part of my life but it’s also a huge part of the mag crews’ life,” Arnold says. “It’s a way of communicating and expressing emotion — and massively important because it’s so truthful to their world.”

The film opens in select theaters in Los Angeles and New York on Friday, and will expand in October.
