## 10 Best Country and Americana Songs of the Week: Bailey Bryan, Toby Keith

Washington native Bryan's "Songbird," Keith's ballad for Clint Eastwood and other tracks to hear now

The latest release from rising songwriter [Bailey Bryan](#), a new ballad from [Toby Keith](#) and the current Number One country song in the U.S. make up this week's list of must-hear country and Americana tracks.

**Bailey Bryan, "Songbird"**

"Oh Lord, I don't have the answers; I am just a wanderer trying to find my place," Bailey Bryan sings, turning "Songbird" into a gentle country single fit for coffeehouses, late-night reflections and early-morning soundtracks. Written with Dennis Matkosky and Michael Hardy, the song hints at the new, nuanced direction of her 2019 EP.
