Brett Young has achieved his sixth consecutive No. 1 song with his latest single, "Catch." The track, which he co-wrote with **Ashley Gorley** and **Ross Copperman**, landed at the top spot on both the Mediabase/Country Airplay and *Billboard* country charts.

The song has also received Gold RIAA certifications in the U.S. and Canada, and has over 141 million streams worldwide. Young's previous No. 1 hits include "In Case You Didn't Know" (5X Platinum), "Mercy" (2X Platinum), "Sleep Without You" (Platinum), "Like I Loved You" (Platinum), and "Here Tonight" (Platinum).

"I can't believe we are celebrating another No. 1 with 'Catch,'" Young shared. "I'm overwhelmed by the continued support I've received from my fans and country radio. These always feel good, but in our current situation this one feels extra special to celebrate with my family. Thank y'all SO MUCH!"

Young's duet with Norwegian singer/songwriter **Astrid S** "I Do" also continues to heat up, tallying over 11 million global streams with an acoustic performance video recently released for the tune.
